

Snake

Craft Materials

- Toilet rolls
- String
- Paint
- Paintbrushes
- Scissors
- Glue
- Hole punch
- Buttons
- Red ribbon, paper or cord
- Scrap fabric & paper

Craft Steps

Follow the below steps to make your Snake. Or you can work along with us on the Craft Video!

1. Gather 5 toilet paper rolls, pick a paint colour and paint the toilet rolls and set aside to dry.
2. Once the rolls are dry, cut a long piece of string and thread it all the way through and around 1 toilet paper roll and tie a knot. This should secure the string. Repeat for each toilet paper roll except the last one.
3. Once you get to the last roll punch a hole using a hole punch at one end. This will be the head end of your snake.
4. Thread the string through the hole and tie it off, try to not let the string run too loose through the rolls or they will slide around too much.
5. Cut off any excess string hanging off the ends.

6. Add some button eyes, to the end of head with some glue.
7. Cut a piece of red ribbon, paper, or cord to become the snakes tongue and stick it to the inside of the head making sure it sticks out.
8. Cut some paper scraps and/or fabric scraps into different shapes so you can make a pattern like scales.
9. Stick your snakes tongue to the inside of the head but so it sticks out using, glue, tape or a stapler.
10. Stick on all of your paper and fabric scales to the head and body of your snake.

Sssssensational!
