- Coloured pasta tubes

## Craft Steps

Follow the below steps to make your Magic Wand. Or you can work along with us on the Craft Video!

1. Start by wrapping a stick with fabric, string, ribbon and wool. Tape where necessary or tie items in a knot to secure. Repeat this process until you have the end well covered.
2. Take a piece of foil and squeeze it into a ball.
3. Take another piece of foil. Place the ball of foil in the middle then wrap it up twisting the excess into a kind of tail.
4. Attach the tail end of the foil shape to the top of the wand. Secure with tape. If you like, you can rap some more fabric or material around where you have taped to dress it up.
5. Tie a long length of sting to the top of the stick. Then tie feathers, leaves, bells, or pasta pieces to either end of the string.
6. Repeat this process a few times until you think it is MAGICAL enough.
