Craft Steps

Follow the below steps to make your Echidna. Or you can work along with us on the Craft Video!

1. Start with cutting a paper plate in half. This is the body of your echidna.
2. Take some brown paper and draw and cut out a long nose and four little echidna feet.
3. Glue on the nose to the bottom corner of the half plate. Glue the feet along the bottom flat edge.
4. Cut up lots of triangles of different coloured and textured brown paper and card.
5. Glue these on the paper plate creating nice layers.
6. Glue on some big leaves to make the echidna's belly.
7. Use a black dot sticker or a marker to make some eyes.

Let's go find some ants!
